ORLANDO, FL 32819

BE A MILK DONOR

Almost 10% of babies are born prematurely in Florida. Milk donors in excellent health can provide life-saving milk to fragile infants across the state.

Non-smokers with milk that has been frozen for less than eight months may be eligible to donate!

If you have more milk than your baby needs, call (407) 248-5050 for a screening!

The Mothers' Milk Bank of Florida is a non-profit, 501(c)(3) and is accredited by the
